

Baker's Dozen

a Housing Cooperative

Thank you for your interest in The Baker's Dozen Cooperative!. We currently have an opportunity for which you may qualify. Please find our application here : [Baker's Dozen Vacancy Application](#)

Baker's Dozen is a consensus-based, non-hierarchical house that strives to build a sustainable and permanently affordable intentional community. We model how accountability, trust, and mutual appreciation work. We want to live these values in a real world where anti-gentrification, anti-oppression, and queer spaces are fought for and celebrated.

Baker's Dozen has been a shared living household in the Western Addition since 1972. We are 13 people plus pets, living collectively in a tobacco smoke-free, 4-story Victorian home (built in 1900 and renovated in 1992). Our group consists of a variety of ages, interests, sexual orientations, ethnicities and we value diversity. Currently, we have an opening for as early as December 1, 2021. We are looking for housemates who are interested in living collectively and committed to honest communication, shared responsibilities and accountability.

Baker's Dozen has existed since 1957 and stands as SF's oldest collective home. The space has evolved from primarily white members into a majority People of Color house, as a direct example of living these values into action. We recognize the impact of systemic oppression in every aspect of our lives and work to shift these dynamics in our home. We acknowledge that systems of oppression specifically target black, brown, indigenous, trans, and disabled folks and attempt to create a space where the well-being of those most marginalized is centered.

Baker's Dozen is currently in a moment of transition, with several rooms open. This is a golden chance to get in on the ground floor, to join in reimagining our collective into the future.

Each member has his/her/their own bedroom, and shares common areas including dining room, kitchen, laundry room, 2 living rooms, 2 guest rooms, and back yard. There are 6 shared bathrooms in the house. See photos of the house here: <https://bit.ly/3vODJJ6>

As a low-income household we have an income cap. Individual applicants must earn 50% or less of the San Francisco Area Median Income per year. The income cap is higher for parents with dependents.

| Household Size | 1-person household | 2-person household |
|-------------------------------|--------------------|--------------------|
| 50% Area Median Income | \$46,650 | \$53,300 |

Baker's Dozen is for people with low incomes who are willing to work with their housemates to maintain a supportive community, and who are willing to invest in their home in multiple senses of the word. The Baker's Dozen is not for those who are not ready to take on the responsibilities of collective home management.

Key Details:

- We are a sex positive home.
- We are a firearm free home.
- We are all adults who like having a multigenerational household
- We like midnight baking, fermentation, crafting, dancing, movie nights, growing food, music!
- We occasionally like to throw themed dinner parties.
- Guests are encouraged to contribute in some way to our household.
- We are looking for a respectful person who is a good communicator, who has intersectional politics around race, class, gender/sexuality and disability.
- We are working on building a stable, supportive household together. This means a substantial and long term commitment to the house and each other.
- Queer folk, POC, women and older folk are encouraged to apply. San Francisco natives, and folks who have been displaced from San Francisco are especially encouraged to apply

New residents will enter into a 3-month orientation and evaluation period, during which they are supported in navigating house customs, agreements and responsibilities. At the end of the evaluation period, new residents will have an opportunity to become full community members with full privileges for voting and participation.

Access: We are committed to disability justice (and it's a work in progress). We are committed to looking out for each other around these issues in more than a superficial way. We are a scent-reduced house. We use unscented laundry soap, etc and try and keep scented personal products to a minimum, and we check in as we go. Several of the bathrooms are accessible, but the house as a whole has limited accessibility, as it is a four-floor walk up with no elevator.

Baker's Dozen is committed to safety around the Covid-19 virus, and we abide by current public health precautions, which may include wearing a mask in common areas depending on the situation. We expect any applicants, guests and contractors to be in compliance with Covid safety protocols as well.

Baker's Dozen is restricted to residential use, which means residents are not allowed to have clients or business meetings at our home.

Pets are accepted by house consensus on a case-by-case basis.
